Dr. Ayers yesterday gave another evidence of the masterful control that has made him one of the most successful pitchers who have broken into the American League in a year. For the second time this season he blanked the White Sox. While this was in itself enough, the fact that he was able to go through the mine innings without a place behind the there was never a time that he was not ruler.

During the distance nothing that resembled a base on balls developed in the arm of the M. D. The mine hits were spread through six linnings, the bases being kept clear in two of the specific production of the com-
